

LEWIS SPEAKS WITH PINCHOT

Assures Audiences Roosevelt
Will Speak in Penna.

CONTINUE TO MAKE FRIENDS

William Draper Lewis, Candidate for Governor and Gifford Pinchot, Candidate for Senator, on Washington Ticket, Are Now Touring the State Together.

Nicholson, Pa., June 28—William Draper Lewis, Washington party nominee for governor joined Gifford Pinchot Friday afternoon in the campaign tour of Wyoming county.

Doctor Lewis arrived at Factoryville from New York, where he had been in conference with Theodore Roosevelt. He said Colonel Roosevelt was keenly interested in the situation in Pennsylvania.

"He realizes the importance of the Pennsylvania campaign in this state," said Doctor Lewis, "and he was rejoiced at my report of the reception which Mr. Pinchot is receiving in every county which he has visited. I found Colonel Roosevelt looking very well and rejoiced to be back in the United States." Doctor Lewis told the crowd at Factoryville, where he made his first speech.

"His appearance was the best contradiction of the stories which have been going around in regard to his health. He expects not only to come into Pennsylvania and make an address on June 30 at Pittsburgh, but to be able to take an active part later in the campaign in the state."

Prolonged applause greeted these statements. Continuing Doctor Lewis said:

"Our duty in this state is to defeat the government which Penrose represents. The Republican machine has in Penrose a man who embodies in his personality the doctrine of the stand-patters. He is the man who stands for the interests. In Pinchot we have a man who embodies everything we are fighting for."

Pinchot Praises Lewis.

Mr. Pinchot told the audience that Doctor Lewis was a man who is going to clean out the machine when he is elected governor. "After he is elected," said Mr. Pinchot, "there will be no more bipartisan control of state funds, no more stifling of child labor legislation or blocking of workmen's compensation bills. We cannot make this state the kind of state it ought to be until we drive out the men who represent Penrose and the special interests."

The candidates wound up the day with an open-air meeting tonight at Nicholson, where addresses were made by Pinchot, Lewis, Dana R. Stephens; Robert D. Towne, editor of the Scranton Daily News, and County Chairman William H. Smith, Bradley W. Lewis, secretary of the county committee, introduced the speakers.

Replying to a question as to where he stood on local option, Doctor Lewis said: "Doctor Brumbaugh has said that if a local option bill is passed he will sign it. I will go further than that. If I am elected governor, I will not be content with signing such a bill after it is passed, I will do everything in my power to have the legislature pass a local option bill at the earliest possible moment."

Mr. Pinchot had another strenuous day of campaigning. He traveled eighty-five miles and spoke at twenty different towns and boroughs. He was greatly pleased at the cordial receptions given him everywhere. Friday and Saturday he shook hands with 2500 voters, besides addressing many hundreds more.

Finds Taft Men For Pinchot.

County Chairman Smith declared Saturday night in his canvas of Wyoming county he had found not only would every man who voted for Roosevelt in 1912 vote the entire Washington party ticket this fall, but that he found men who supported Taft in 1912 who were going to vote for Pinchot in November.

Mr. Pinchot began the day at Laceyville. There he was joined by William H. Smith, of Tunkhannock, chairman of the Wyoming county Washington party committee; Bradley W. Lewis, also of Tunkhannock, secretary of the county committee; Fred B. Lindsay, of Factoryville, Washington party nominee for the legislature from Wyoming county, and Kiah C. Mott, associate judge of

Meshoppen. Dana R. Stephens, nominee for congress from the fourteenth district, and J. Rex Stephens, his son, who were with Mr. Pinchot yesterday, continued with the party today.

Benjamin F. Michaels, vice president of the county committee, headed the reception committee at Laceyville where nearly 100 voters were gathered. Others whom Mr. Pinchot met were County Committeemen Isaiah E. Bossart, Dr. Hyman B. Beaumont, B. D. Phinney, A. M. and C. B. Whipple and John Christian. At Skinner's Eddy the party was met by Jacob Vanderwerker, A. P. Kenwood, Truman Bosburg, and Charles T. Brown.

When Meshoppen was reached it looked as if the whole town had taken a holiday. County Committeemen E. C. Pratt and J. B. Maxwell introduced Mr. Pinchot to the waiting crowd.

T. R. to Speak in Penna.

Scranton, Pa., June 28—William D. Lewis stopped in Scranton this afternoon on his way to join Gifford Pinchot and his party.

Colonel Roosevelt, Dean Lewis declared, will take an active part in the Pennsylvania campaign. He added:

Colonel Roosevelt informed me at Oyster Bay last night that he will address the second annual meeting of Pennsylvania Progressives at Pittsburgh on June 30. Later on, possibly in September and October, he will return to the state to speak at Progressive rallies. He gave me permission to make this announcement."

VALUE OF PLAY

Little Talks on Health and Hygiene by Commissioner of Health.

Summer days are play days for men and women as well as children. Perhaps at this time of the year it is well to consider what play really means to all of us.

As a relaxation from the cares of business and as an educational factor of no small importance to the growing boy and girl is should be encouraged and intelligently directed. No history of a nation would be complete without some record of its amusements and entertainments. In these is written all changes of manners, morals and faith.

We are spending millions of dollars yearly upon the education of our children and as a nation are justly proud of what we have achieved in that work. But there is much to be taught in the proper direction of this natural instinct for play. It is quite as worthy of the serious consideration of our educators as all the other studies in the curriculum.

It is not in school but in play that children first learn respect for leadership and the value of courage, honor and pluck. It is on the play ground that the first lessons in democracy are taught. In those games in which the individual contests for his school among his mates he acquires standards which are the best possible training for future citizenship.

Parents who turn their children out to play without interest or knowledge of what diversions they seek are neglecting their duty and missing an opportunity to turn a natural instinct to the greatest advantage. Through this channel it is possible to cultivate to a high degree those qualities of imagination and character which will prove of inestimable advantage to the growing boy and girl.

Public playgrounds should serve as important a place in the education of our children as the public school.

Surprise Party.

A very delightful surprise party was given Mr. and Mrs. Thaddeus Ireland at their home in Goshen township on Thursday evening, June 25. About forty people were there and everyone enjoyed themselves immensely. Elegant refreshments were served.

Will Hear Roosevelt.

W. S. McKelvy, James Mitchell, Aaron Peters, E. W. Hess, of Clearfield and Joseph R. Partridge, of Houtzdale, will go to Pittsburgh to hear Theodore Roosevelt tomorrow on the occasion of the second annual Pennsylvania Progressive conference.

Without Imagination.

There is a certain New York business man of a rather waggish disposition who contends that his wife has no imagination.

At dinner one night he chanced to mention a tragic circumstance he had read in the evening paper on his way home. A passenger on a transatlantic steamer had fallen overboard in mid-ocean and had never been seen again. "Was he drowned?" asked the wife. "Of course not," answered the irrepressible hubby, "but he sprained his ankle, I believe."—Lippincott's.

DROWNED AT HOUTZDALE

Gommer Jones Meets Death in
a Pond Sunday

HE HAD GONE IN BATHING

Gommer Jones, Son-in-Law of Shadrack Stringer, of Houtzdale, Meets Death in a Pond Near Town, While Bathing With Companions, Sunday Afternoon.

A sad accident occurred at Houtzdale Sunday afternoon when Gommer Jones, a young man of that town, was drowned in a pond about two miles from town.

Mr. Jones was a popular young man and news of his untimely death caused great excitement and sorrow in the community. The young man was but 24 years of age, and is survived by his wife, who was formerly Miss Fuddie Stringer, a daughter of Shadrack Stringer, proprietor of the American House at Houtzdale, and a small child, about one year of age.

Yesterday afternoon a companion suggested that some of young men of town go to the pond near town and go in bathing. A small party accepted the invitation. When they reached the pond, Jones, who was active and was known to be a good swimmer, dove into the water.

He remained under the water so long that his companions became alarmed. A search was made for the body, and Jones was found at the bottom. At first it was reported that he had struck his head on a stone at the bottom of the pond, but this does not appear to have been the case. When found, the young man had his arms partially about a log at the bottom of the pond, and it is probable that he struck the log in diving and was rendered partially or totally unconscious.

Arrangements for the funeral of the young man have not yet been completed.

ELECTED SECRETARY

H. E. Bodine, Formerly of Clearfield, Goes to Corning, N. Y.

Harry E. Bodine formerly secretary of the chamber of commerce in Clearfield, has, according to newspaper reports, accepted the position of secretary of the new chamber of commerce recently established at Corning N. Y.

Mr. Bodine was active in interesting new industries in Clearfield's many advantages at a desirable location, and his work here was of permanent value to the town. He left this place on account of Mrs. Bodine's health, going the Winston-Salem, N. C., where he occupied a similar position to the one he held here.

The business men at Corning have decided to enter upon an active movement to interest manufacturers in their city, and Mr. Bodine will be able to give them good service, as the result of his training and accomplishments.

CORONER INVESTIGATES

Mysterious Death of Well Known Young Man Near DuBois.

Harvey Myers, a well known young man of Oklahoma, died suddenly Sunday afternoon at the home of his parents. The circumstances surrounding his death were considered mysterious at the time.

It seems that shortly before 12 o'clock on Saturday night Myers went into the Windsor hotel cafe and sat down on a chair. A few minutes later he dropped to the floor unconscious. Believing the young man to be under influence of liquor, Myers was taken to a back room, where he spent the night. The next morning, unsuccessful efforts were made to arouse him, and a physician was called.

The young man had bruises on his head, and for a time it was feared that there had been foul play, but as he had some money on his person, which had not been disturbed, this theory was dropped. It is thought that the young man must have sustained a severe fall. He rallied slightly at 12 o'clock Sunday but never regained consciousness.

HEIR SLAIN WITH WIFE

Archduke Pair Shot in Bosnia's
Capital

STUDENT FIRES FATAL SHOTS

Heir to Austrian Throne and Woman He Married For Love Meet Tragic Fate After Escaping a Bomb Hurled at Them—Aged Emperor Hears News.

Sarajevo, Bosnia, June 28—Archduke Francis Ferdinand, heir to the Austria-Hungarian throne, and the Duchess of Hohenberg, his morganatic wife, were shot today by a student in the main street of the Bosnia capital, a short time after they had escaped death from a bomb hurled at the royal automobile.

They were slain while passing through the city on their annual visit to the annexed provinces of Bosnia and Herzegovina.

The archduke was struck full in the face and the duchess was shot through the abdomen and throat. They died a few minutes after reaching the palace to which they were hurried with all speed.

Wards Off Deadly Bomb.

Those responsible for the assassination took care that it should prove effective as there were two assailants, the first armed with a bomb and the second with a revolver.

The bomb was thrown at the royal automobile as it was proceeding to the town hall, where a reception was to be held. The archduke saw the deadly missile hurtling through the air and warded it off with his arm. It fell outside the car and exploded, slightly wounding two aid-de-camps in a second car and half a dozen spectators.

Uses Automatic Pistol.

It was on the return of the procession that the tragedy was added to the long list of those that have darkened the pages of the recent history of the Hapsburgs. As the royal automobile reached a prominent point in the route to the palace, an eighth grade student Gavrio Prinzp, sprang out of the crowd and poured a deadly fusillade of bullets from an automatic pistol at the archduke and princess.

Prinzp and a fellow conspirator, a compositor from Trebinje, named Gabrinovic, barely escaped lynching by the infuriated spectators. They finally were seized by the police who afforded them protection. Both are natives of the annexed province of Herzegovina.

Aged Emperor Hears News.

Emperor Francis Joseph suffered a profound shock when informed of the assassination and retired immediately to his private apartment, after giving orders that everything should be in readiness for his return to the palace of Schoenbrunn on Monday. The Duke of Cumberland paid a visit of condolence this afternoon.

The three young children of the archduke and duchess, who remained here with the aged emperor when their parents went to Bosnia, were playing in the gardens of the palace when the shocking news arrived. Nobody had the heart to inform them of their lamentation.

The succession, if no change is made hereafter, now passes to Archduke Charles Francis, son of the late Archduke Otto, and a nephew of Francis Ferdinand, who married Princess Zita of Parma. They have one son and one daughter.

Base Ball at Driving Park.

A lively game of baseball was played at the Driving park Saturday afternoon, between Boardman and the brick works. The game resulted in a victory for the brick works team, the score being 1 to 0. The brick works battery was Pooler and Logan; the Boardman battery Wingert and Shaw. Boardman got 4 hits, the brick works team also getting 4 hits. The game was well attended.

Graham-Graham.

Jol. W. Graham, of Woodland, and Nettie Graham, of Grahamton were married Wednesday, June 24, at the home of the bride, by Rev. Hartman, of Woodland. In reporting this wedding last week the Progress gave the groom's name incorrectly.

THE GIDEONS

\$109.17 Received From Clearfield Audiences at Meetings Sunday. John W. Gailey, of Bedford, Pa., state president, and David Salmon, of Lock Haven, Pa., state chaplain, represented the Gideon hotel Bible work in Clearfield yesterday. They spent some time in the following churches making very short but appropriate talks in each: Trinity M. E. church, 1st Presbyterian church, English Lutheran church, Eleventh street M. E. church, United Brethren church and the Y. M. C. A.

They received contributions amounting to \$109.17 which will place the Bible in every hotel guest room in Clearfield and leave a surplus for the Pennsylvania Bible fund.

The hotels of Clearfield will need 250 Bibles, for as many guests rooms. The work is a great one. Many traveling men have to spend their Sundays in the hotels and would read the Bible if a copy were near at hand. The Gideons aim to have it there in every hotel in Pennsylvania.

John W. Gailey, and David Salmon extend on behalf of the Gideon association and for themselves personally the most sincere thanks to the pastors of the churches, the secretary of the Y. M. C. A., and the good people of Clearfield for their support in the carrying out of this great work, as Clearfield gave the Gideons an appreciated reception.

"SAFETY FIRST"

Sensible Rules Which Should be Observed by Drivers of Motors.

The Bell Telephone company of Pennsylvania which recently organized a "Safety First" movement and have adopted the slogan "Get the Habit" in connection with that movement have recently distributed a celluloid pocket calendar among all the drivers of company-owned vehicles.

The cautions contained on the back of this calendar are very sensible and could be followed with good results by drivers of motor vehicles generally. They are:

To All Drivers of Motor Cars.

Every cross street and every highway intersection is a danger spot.

Every trolley car or other highway conveyance that is stopped, coming to a stop, or just starting, is a source of danger.

Slow down when in doubt.

See to it that your brakes are always in good working order.

Be cautious about forcing your way through a crowd.

Your horn is a danger signal but its unnecessary use is unlawful.

Be particularly watchful of children especially near schools.

Consider the feeling and bear in mind the rights of others; favorable public opinion is desirable to you as a driver.

Life and limb are precious. Be keen to protect both from harm.

FOR WOMAN SUFFRAGE

Five Thousand Dollar Gift for State Campaign.

The first \$5000 contribution to the Pennsylvania State campaign at the Woman Suffrage Association, was reported at June meeting, State Committee held in Harrisburg. The donor is a Pennsylvania woman, who wishes her gift to remain anonymous. It was made through the state president, Mrs. Frank M. Roessing. That the enthusiasm in the state is not in the least lessened by the heat, but is increased, was evidenced by other large contributions of \$750, \$300, \$250 and \$500 received in June, coming from different county organizations. The College Equal Suffrage League, of which Miss Maude Bassett Gorman, of Swathmore College, is president, has made a donation of \$400. Many smaller sums were also reported.

BETTS ELECTED CO. CHAIRMAN

Democratic Convention Held
Here Saturday

RESOLUTIONS ARE PASSED

Clearfield Men Win Chairmanship—Dr. Buckingham, of Houtzdale, Also a Candidate — Local Resolutions Are Passed Without Protest—Most Districts Represented.

Eighty-nine delegates were present at the Democratic convention held in Clearfield Saturday afternoon for the purpose of electing a county chairman. After the roll call, and stating the purpose of the meeting by John E. Rafferty, of Grapeland, the county chairman, W. A. Hagerly called the meeting to order at 1:30 o'clock.

John B. McGrath, of Houtzdale, offered a resolution to amend the rules to elect a county chairman by general vote of the party instead of by the delegate system. The chair ruled the resolution out of order and was sustained by the vote of the convention.

W. B. Palmer, G. A. Shugarts, of Brady, R. C. Bundy, of DuBois, Frank Stone, of Boggs, and F. W. Reinhardt were appointed a committee on resolutions.

Abath Campbell, of Bell township, placed in nomination for county chairman, Dr. H. W. Buckingham, of Houtzdale, and the nomination was seconded by J. B. McGrath, of Houtzdale. J. D. McKnight, of DuBois, nominated W. I. Betts, of Clearfield.

B. R. Wagner, of Coalport, and A. M. Gorman, of LeJosa, were appointed tellers. The roll was then called and after the vote was taken, the report of the tellers was as follows: W. I. Betts 50 votes, H. W. Buckingham, 22 votes.

J. B. McGrath and Abath Campbell were appointed a committee by the county chairman, W. A. Hagerly, to notify W. I. Betts of his election and to present him to the convention. Mr. Betts after a neat speech accepted the nomination, after which the committee on resolutions made the following report:

To the members of the Democratic County Convention:

We the undersigned committee appointed by this convention to report proper resolutions, respectfully submit the following:

First. That we glory in a united and triumphant democracy which is now in charge of this government.

Second. That we heartily endorse our great President, Honorable Woodrow Wilson and his policies. That we see in him the defender of the law and the rights of the common people. That by his wise and courageous course the special interests and trusts are being controlled and the government so long dominated by them being restored to the people to whom it belongs.

Third. That we endorse the candidates of the Democratic party both state and national, nominated at the recent primaries, and urge all Democrats to work for their election at the coming election in November.

Fourth. That we condemn the public utilities bill passed by the Republican legislature as being concerted in the interests of the trusts and for their protection and against the interests of the people and we demand that the candidates on the Democratic ticket for both Senate and House if elected shall use all their powers to have the iniquitous measure repealed.

Fifth. That we condemn the active and pernicious activity displayed by Post Masters recently appointed to office as the same is a violation of the civil service law.

Signed
G. B. SHUGARTS,
R. C. BUNDY,
FRANK STONE,
F. W. ESTRACHER.

These resolutions, upon motion, were unanimously adopted.

W. E. Tobias, candidate for congress, and Archer Reed, candidate for assembly, addressed the convention, the other candidates not being present, after which the convention adjourned.

Will Move Next Week.

The Women's club wishes to announce that they will occupy the new room in the Monop building, next to the library. A full attendance is requested at the regular meeting on Tuesday evening.

PENROSE'S STRENGTH.

Senator Penrose's strength does not
lie in his record in the United States
senate. The senator has not made a
brilliant nor an energetic legislator.
Since the first of January last he has
been absent from the senate sessions
so long that he has to be introduced to
the door-keeper to gain admittance to
the floor. His vote and his voice,
when he did attend the sessions, have
been for special privilege, not for
the welfare or protection of the peo-
ple.

Senator Penrose's strength lies in
his friendship for the liquor interests.
The senator is a liquor man first, last
and all the time. He is more than
friendly to the rum sellers, and he has
succeeded in amalgamating the liquor
vote at elections in this state. The
liquor interests reciprocate Penrose's
friendship by corraling the voters of
the rum shops and slums of the big
cities and ordering them to vote for
Penrose or Penrose's candidates.
Therein lies Penrose's strength.

In the present campaign the rum in-
terests are arrayed against the people
and on the side of Penroseism and
Brumbaugh. Pinchot and Lewis, the
Washington party candidates, favor a
local option law for Pennsylvania;
Penrose opposes such a law, and
Brumbaugh agrees with what Pen-
rose says and advocates. If the anti-
rum people were to combine they
could very easily strike a serious
blow to the rum interests and at the
same time elect two honest, fair-mind-
ed and conscientious men to the two

highest offices within the gift of the
people of the state.

COLLEGE MEN.

That too large a proportion of col-
lege graduates fail as business men is
not denied, but it is not because a
man has graduated from college that
he fails. A college education in it-
self is not sufficient to equip a young
man for his battle with the world.
There must be something back of the
education to bring success to any
man, and if a young man lacks energy
progressiveness and stamina he may
stand at the head of his class when he
graduates from college and be a com-
plete failure.

The fact that many college-bred
young men fail in the things they un-
dertake should not be used as a crit-
erion of the whole student body or as
proof that a college education is of no
value to a young man. A college can-
not make a success of the young man
who is without natural ability, who is
devoid of mental ability and who lacks
stability and perseverance. The col-
lege can give a young man an educa-
tion, but it cannot give him brains.

Clearfield voters should require
candidates for the state senate and
house of representatives to pledge
themselves to vote in favor of the re-
peal of the public service company
law or its amendment by striking out
those features which take home rule
from the people of the state.

Don't blame the dog, he may have
some sense, even if those who make
so much fuss over him do not show
that they have.

By uniting and being determined
the citizens of Clearfield can make the
Fourth of July celebration a grand
success.

A man may be as old as he feels,
but a woman is as old as her neigh-
bors say she is.

THE AMERICA FLIES WITH SEVEN ABOARD

Record Weight of 1,498
Pounds Is Easily Lifted.

Hammondsport, N. Y., June 29.—With
its new hydroplaning device the Amer-
ica left the water and flew with seven
passengers, including the two pilots, and
220 pounds of ballast.

"We lifted twice as much weight as
any aircraft ever did before. I guess
that's pretty good," said Lieutenant
Porte when he stepped ashore.

Glenn H. Curtiss, the builder, was
highly pleased with the America's per-
formance.

"It can fly easily with the load it
must take when it leaves Newfoundland,"
he said. "The America made a
splendid showing with its new hydro-
planing boards. It does not yet 'plane'
or skim along the surface as perfectly
as we want it to do, but that easily
can be remedied. The America lifted
within a few hundred pounds of the
load it will have to carry, although the
trial was made only with reference to
its planing powers. We may be able
to prove its capacity to climb out of
the water with its load of oil."

The America broke the record for
flying boats when it took the air with
seven passengers. The total weight of
the load, outside of the machine itself,
was 1,498 pounds, or very close to that
figure. The weight of the aircraft it-
self is about 2,850 pounds, so that the
two engines of 100 horsepower each
drove a total weight of 4,248 pounds.

Mr. Curtiss said that since the flight
by way of the Azores had been de-
cided upon the America would not
need to carry the amount of gasoline
originally estimated. The aircraft has
tanks for 300 gallons. It would have
needed all that for the straight flight
of 1,923 miles from Newfoundland to
Ireland. The distance from Newfound-
land to the Azores, the longest of the
three laps by the new route, is 1,108
miles. (Something more than 200 gal-
lons of gasoline will be required, but
the exact amount will be determined
later through the rate of gasoline con-
sumed by the America in its flights
around Lake Kewau.

TELEGRAPHIC TICKS.

An unidentified Italian was shot dead at
Smithfield, Pa., after he had killed one of
his countrymen, perhaps fatally wounded
Martin Hope and less seriously injured
several other persons.

E. Hartston Simons, a wealthy New
York bachelor, fifty-five years old, dis-
appeared from his cabin on the White
Star liner Baltic and was never seen
again. That was the report made by the
officers of the ship when she arrived
from Liverpool.

In presenting the case for the Storstad
before the committee of inquiry into the
wreck of the Empress of Ireland C. S.
Faight of New York advanced the theory
that the disaster was due to defects in the
steering qualities of the Empress of Ire-
land—in short, that her steering gear
broke down.

The remnants of Kelly's "army of the
unemployed," headed by Colonel C. D.
McLennan, arrived in Alexandria, Va.,
preparatory to a descent upon Washing-
ton. The band consists of forty-five men
who came to Alexandria from Charlotte-
ville by rail, or, as McLennan said, they
rode on "side door Pullmans."

THE DEMOCRATIC SQUABBLE

Two Democratic Parties Perdicted if
Activity Continues.

The following article formed the
basis for an editorial in last Thurs-
day's Philadelphia Telegraph:

If our Democratic friends continue
as active as now threatened there will
be at least two Democratic parties in
Pennsylvania this year. The Palmer-
McCormick State organization is not
satisfied with the way the Old Guard
City Committee carries on.

The City Committee shut its eyes,
crossed its fingers and endorsed the
nomination of Palmer and McCormick,
but it refused to consider an endorse-
ment of the platform. This was so
much like fudging the candidates
to get their principles out of them be-
fore being swallowed, that it has stir-
red up the resentment of the state or-
ganization.

All sorts of threats are out to break
up the City Committee and create a
new one that will be willing to take
orders. The state committee can do
that probably under its rules, but it
would release the Old Guard from the
small obligation it now feels to sup-
port the candidates without the plat-
form in which event a second Democra-
tic state ticket might be hopefully
looked for.

There ought to be two tickets, any-
way, for as matters stand there are a
good many Democrats who cannot
vote for anything now in sight and
satisfy their Democracy.

Kidney and Bladder weakness re-

thority. The kidneys filter this acid
from the blood and pass it on to the

ritate and inflame, causing a burning
scalding sensation and is very pro-
fritation at the neck of the bladder,
obliging you to seek relief two or
three times during the night. The
sufferer is in constant dread, the
water passes sometimes with a
scalding sensation and is very profuse
fuse again, there is difficulty in
voiding it.

Bladder weakness, most folks call
it, because they can't control urina-
tion. While it is extremely annoying
and sometimes very painful, this is
really one of the most simple ailments
to overcome. Get about four ounces
of Jad Salts from your pharmacist
and take a tablespoonful in a glass o
water before breakfast, continue this
for two or three days. This will neu-
tralize the acids in the urine so it no
longer is a source of irritation. To
the bladder and urinary organs whic
then act normally again.

Jad Salts is inexpensive, harmless,
and is made from the acid of grapes
and lemon juice, combined with lith-
ia, and is used by thousands of folks
who are subject to urinary disorders
caused by uric acid irritation. Jad
Salts is splendid for kidneys and
causes no bad effects whatever.

Here you have a pleasant, efferves-
cent lithia-water drink, which quick-
ly relieves bladder trouble.

ATTACKED BY BEES

Bellefonte Man Has Peculiar Experience While Planning Capture.

Bellefonte, June 28.—Milton Robb, a Spanish war veteran and for years employed by the American Lume and Stone Company, has no further use for honey-producing bees. Robb says that as master of his own destiny he will never again attempt to corral a swarm of bees.

He had such a bitter experience on Saturday in an adventure with the little busy-bodies that a physician is attending him.

As Milton was plodding along the country road toward home he met his brother Abe. "Say Milt," said Abe, "there is a big swarm of bees nested on the limb of a tree on the mountain

side. What do you say about getting them?"

The brothers made plans for the capture. They got a saw, washtub, a blanket and several towels. Milton was to climb the tree, saw off the limb and lower it slowly to Abe, who, in turn, was to put the swarm of bees in the tub and cover it with the blanket.

Milton, out on the long limb, and thirty-five feet from the ground, began the easy work. A few strokes of the saw was enough. Milton, not realizing the weight of the bees, sawed too deep before supporting the limb and fastening the rope. The limb buckled with the swarm of bees. It swung against his legs and immediately the queen bee had removed to a comfortable place under Milton's arm. The other bees followed. In a moment Milton's body was covered. The bees swarmed over him furiously.

And there he hung, with one arm over the limb, not daring to move, while Abe ran for aid.

Abe had to run two mile down the mountain. He got Jacob Cole and Oscar Hendricks, and, armed with a

long ladder, started back to the tree. It might be added that Sherwood Robb, another brother, was a member of the expedition, but only in an advisory capacity. Milton said last night that Sherwood is long on advice but short on sympathy.

When the relief expedition arrived the ladder was raised and Abe tied a rope around Milton. The rescuers carefully lowered the bee-covered victim. Milton's eyes were virtually closed. The bees, on some of them, were captured with the blanket and others beaten off with towels. Elmer Breen tore off Milton's shirt and trousers.

A physician found Milton was in a serious condition.

The bees were captured and are hived in the back yard of George Robb, father of the young hunters.

CARRANZA SENDS REPLY TO ENVOYS

Text of Rebel Chief's Answer
Is Not Made Public.

BRECEDA ASSAILS ANGELES.

Carranza's Secretary Says He Inspired
Villa's Outbreak—American Consul
Carothers Also Involved—Full Text
of Answer May Be Made Public by
the Envoys.

Washington, June 29.—The answer of
General Carranza, first chief of the
Constitutionalists, to the invitation of
the A. B. C. envoys to hold informal
conferences with the representatives
of General Huerta was received by his
representatives here and forwarded to
Mexico.

Nothing is given out to indicate
whether Carranza accepts the invita-
tion or rejects it.

Intimations were given by members
of the Constitutional junta during
the day, however, that there was a
probability that conferences would be
held probably this week. They are
awaiting the arrival of Fernando Igle-
sias Calderon, leader of the Liberal
party.

Fresh evidence of the sharp differ-
ences between Carranza and Villa,
which may have serious effect on the
proposed conferences and perhaps in-
fluence the attitude of the United
States government toward the two re-
bel leaders was given when Captain Al-
fredo Breceda, Carranza's private sec-
retary, who arrived here yesterday di-
rect from Saltillo, issued a sensational
statement dealing with the split be-
tween his chief and the leading rebel
commander.

General Felipe Angeles, former sub-
secretary of war in the cabinet of Car-
ranza and chief of artillery in Villa's
army, is pictured in this statement as
an archrival who tried to alienate
Villa from Carranza, his purpose being
to use Villa as a tool to further the
ambition of Angeles to become pro-
visional president of Mexico.

Carothers Villa's Ally.
Equally sensational is the allegation
that George C. Carothers, a special
consular agent, who has been traveling
with Villa's army most of the time
but has been part of the time at the
headquarters of Carranza, has been an
ally of Angeles and Villa, encouraging
the latter's insubordination.

The Breceda statement does not men-
tion Carothers by name, but refers to
him as "an American who has posed
during several months as the confiden-
tial agent of the state department for
the revolution." When Captain Bre-
ceda was asked about the identity of
this "American" he told the newspa-
per men that he referred to Carothers.
An attack is also made by Breceda
on Felix Sommerfeld, Villa's chief
agent in this country. The statement
alleges that Sommerfeld and Carothers
were the principal outside agents en-
gaged in the intrigue to foster Villa's
attitude of insubordination toward Car-
ranza and to impress the people and
the government of the United States
with the idea that Villa is the chief
factor in the revolution.

Coming as it did from Carranza's
private secretary, this statement of the
sharp differences between his chief and
Villa compelled attention here. Offi-
cials were wondering what the purpose
of the statement was at this time. Ad-

ditional importance was given to the
statement by the fact that it was in-
dorsed by Senor Rafael Zubaran, min-
ister of the interior in Carranza's cabi-
net and his chief representative here,
and by Senor Luis Cabrera, another
envoy of Carranza here.

When Secretary Bryan's attention
was called to the Breceda statement he
would not discuss it.

Mr. Sommerfeld said he did not care
to comment upon the matter, but
might issue a rejoinder later. He sent
to Villa a code message telling him
of the allegations contained in the
Breceda statement.

JOHNSON DEFEATS MORAN.

Decision Awarded to Negro on Points
After Twenty Rounds.

Paris, June 29.—Jack Johnson, by de-
feating Frank Moran on points in their
twenty round bout in Paris, retains his
title as champion heavyweight fighter
of the world and wins a purse of \$30,
000. The loser receives \$5,000. Each
receives a share of the profits of the
moving pictures of the battle.

Johnson earned Referee Carpentier's
decision rather easily. He bore no sign
of punishment at the end, while
Moran's face was badly bruised and
cut.

The champion fought cautiously
throughout. He was the master at all
stages, having Moran in straits at
times. In the final rounds Moran held
on frequently, and in the last the spec-
tators jeered him for this.

The referee warned both men for
clutching. Johnson's offenses being
committed early in the contest.

The crowd entirely filled the im-
mense Velodrome d'Alver, in which
the fight was held, and there were
more than 30,000 persons present, in-
cluding several hundred women.

WOMEN'S NIGHT

Was a Successful Occasion at Osceola
Tabernacle.

Women's night was one of the most
wonderful demonstrations ever wit-
nessed in Osceola Mills. There were
ladies present from Clearfield, Cur-
wensville, Philipsburg, Houtzdale, Ram-
sey, Sandy Ridge and many other
places. When the special train ar-
rived that night they were met by
the Osceola band and the ladies of
Osceola and vicinity. They, led by
Rev. Johnson and the band, marched
and countermarched, the end of the
march being the tabernacle. In a few
minutes the large building was filled
to overflowing. During the opening
musical program the W. C. T. U.
sang their battle song, which was
very much enjoyed by all. Before the
end of the song service, Mr. Johnson
had made arrangements for the meet-
ing to be photographed, and Mr.
Philips took a flashlight picture.

Mr. Johnson, in his prayer, asked
God to help him direct the thoughts of
the ladies present in his fight for pur-
er homes and better communities. He
based his talk on 1 Tim. 5, 22: "Keep
thyself pure." In his talk he made a
magnificent plea for better lives, for
purer lives, for God-surrendered lives.
Osceola Mills and surrounding towns

should be better places after such a
helpful talk.

At the close of his remarks Rev.
Johnson gave an invitation for the
ladies to come down the aisle and give
him their hands and promise to live
Christian lives. There were twelve
that did so.

Mrs. Cleese, of Philipsburg, presi-
dent of the Center county W. C. T.
U., and Mrs. S. C. Wilson, of Cur-
wensville, president of the Clearfield
county union, were among the visitors
Friday night. There were about 500
women in line, many of them dressed
in white and a large number carrying
bibles. It was certainly an impos-
ing sight.

It was rather amusing while the
service was in progress to see the
large number of men pushing baby
carriages and go carts up and down
the streets.

Vicious.

"How pale and worried your mother
looks! Is she sick?"

"No, ma'am, but pa's got the grip."

"And is she afraid that he won't get
well?"

"Oh, no; but whenever pa's sick he
worries her so that she always looks as
though she had what was ailing him."

LEWIS SPEAKS WITH PINCHOT

Assures Audiences Roosevelt
Will Speak in Penna.

CONTINUE TO MAKE FRIENDS

William Draper Lewis, Candidate for Governor and Gifford Pinchot, Candidate for Senator, on Washington Ticket, Are Now Touring the State Together.

Nicholson, Pa., June 28—William Draper Lewis, Washington party nominee for governor joined Gifford Pinchot Friday afternoon in the campaign tour of Wyoming county.

Doctor Lewis arrived at Factoryville from New York, where he had been in conference with Theodore Roosevelt. He said Colonel Roosevelt was keenly interested in the situation in Pennsylvania.

"He realizes the importance of the Pennsylvania campaign in this state," said Doctor Lewis, "and he was rejoiced at my report of the reception which Mr. Pinchot is receiving in every county which he has visited. I found Colonel Roosevelt looking very well and rejoiced to be back in the United States." Doctor Lewis told the crowd at Factoryville, where he made his first speech.

"His appearance was the best contradiction of the stories which have been going around in regard to his health. He expects not only to come into Pennsylvania and make an address on June 30 at Pittsburgh, but to be able to take an active part later in the campaign in the state."

Prolonged applause greeted these statements. Continuing Doctor Lewis said:

"Our duty in this state is to defeat the government which Penrose represents. The Republican machine has in Penrose a man who embodies in his personality the doctrine of the stand-patters. He is the man who stands for the interests. In Pinchot we have a man who embodies everything we are fighting for."

Pinchot Praises Lewis.

Mr. Pinchot told the audience that Doctor Lewis was a man who is going to clean out the machine when he is elected governor. "After he is elected," said Mr. Pinchot, "there will be no more bipartisan control of state funds, no more stifling of child labor legislation or blocking of workmen's compensation bills. We cannot make this state the kind of state it ought to be until we drive out the men who represent Penrose and the special interests."

The candidates wound up the day with an open-air meeting tonight at Nicholson, where addresses were made by Pinchot, Lewis, Dana R. Stephens; Robert D. Towne, editor of the Scranton Daily News, and County Chairman William H. Smith, Bradley W. Lewis, secretary of the county committee, introduced the speakers.

Replying to a question as to where he stood on local option, Doctor Lewis said: "Doctor Brumbaugh has said that if a local option bill is passed he will sign it. I will go further than that. If I am elected governor, I will not be content with signing such a bill after it is passed, I will do everything in my power to have the legislature pass a local option bill at the earliest possible moment."

Mr. Pinchot had another strenuous day of campaigning. He traveled eighty-five miles and spoke at twenty different towns and boroughs. He was greatly pleased at the cordial receptions given him everywhere. Friday and Saturday he shook hands with 2500 voters, besides addressing many hundreds more.

Finds Taft Men For Pinchot.

County Chairman Smith declared Saturday night in his canvas of Wyoming county he had found not only would every man who voted for Roosevelt in 1912 vote the entire Washington party ticket this fall, but that he found men who supported Taft in 1912 who were going to vote for Pinchot in November.

Mr. Pinchot began the day at Laceyville. There he was joined by William H. Smith, of Tunkhannock, chairman of the Wyoming county Washington party committee; Bradley W. Lewis, also of Tunkhannock, secretary of the county committee; Fred B. Lindsay, of Factoryville, Washington party nominee for the legislature from Wyoming county, and Kiah C. Mott, associate judge of

Meshoppen. Dana R. Stephens, nominee for congress from the fourteenth district, and J. Rex Stephens, his son, who were with Mr. Pinchot yesterday, continued with the party today.

Benjamin F. Michaels, vice president of the county committee, headed the reception committee at Laceyville where nearly 100 voters were gathered. Others whom Mr. Pinchot met were County Committeemen Isaiah E. Bossart, Dr. Hyman B. Beaumont, B. D. Phinney, A. M. and C. B. Whipple and John Christian. At Skinner's Eddy the party was met by Jacob Vanderwerker, A. P. Kenwood, Truman Bosburg, and Charles T. Brown.

When Meshoppen was reached it looked as if the whole town had taken a holiday. County Committeemen E. C. Pratt and J. B. Maxwell introduced Mr. Pinchot to the waiting crowd.

T. R. to Speak in Penna.

Scranton, Pa., June 28—William D. Lewis stopped in Scranton this afternoon on his way to join Gifford Pinchot and his party.

Colonel Roosevelt, Dean Lewis declared, will take an active part in the Pennsylvania campaign. He added:

Colonel Roosevelt informed me at Oyster Bay last night that he will address the second annual meeting of Pennsylvania Progressives at Pittsburgh on June 30. Later on, possibly in September and October, he will return to the state to speak at Progressive rallies. He gave me permission to make this announcement."

VALUE OF PLAY

Little Talks on Health and Hygiene by Commissioner of Health.

Summer days are play days for men and women as well as children. Perhaps at this time of the year it is well to consider what play really means to all of us.

As a relaxation from the cares of business and as an educational factor of no small importance to the growing boy and girl is should be encouraged and intelligently directed. No history of a nation would be complete without some record of its amusements and entertainments. In these is written all changes of manners, morals and faith.

We are spending millions of dollars yearly upon the education of our children and as a nation are justly proud of what we have achieved in that work. But there is much to be taught in the proper direction of this natural instinct for play. It is quite as worthy of the serious consideration of our educators as all the other studies in the curriculum.

It is not in school but in play that children first learn respect for leadership and the value of courage, honor and pluck. It is on the play ground that the first lessons in democracy are taught. In those games in which the individual contests for his school among his mates he acquires standards which are the best possible training for future citizenship.

Parents who turn their children out to play without interest or knowledge of what diversions they seek are neglecting their duty and missing an opportunity to turn a natural instinct to the greatest advantage. Through this channel it is possible to cultivate to a high degree those qualities of imagination and character which will prove of inestimable advantage to the growing boy and girl.

Public playgrounds should serve as important a place in the education of our children as the public school.

Surprise Party.

A very delightful surprise party was given Mr. and Mrs. Thaddeus Ireland at their home in Goshen township on Thursday evening, June 25. About forty people were there and everyone enjoyed themselves immensely. Elegant refreshments were served.

Will Hear Roosevelt.

W. S. McKelvy, James Mitchell, Aaron Peters, E. W. Hess, of Clearfield and Joseph R. Partridge, of Houtzdale, will go to Pittsburgh to hear Theodore Roosevelt tomorrow on the occasion of the second annual Pennsylvania Progressive conference.

Without Imagination.

There is a certain New York business man of a rather waggish disposition who contends that his wife has no imagination.

At dinner one night he chanced to mention a tragic circumstance he had read in the evening paper on his way home. A passenger on a transatlantic steamer had fallen overboard in mid-ocean and had never been seen again. "Was he drowned?" asked the wife. "Of course not," answered the irrepressible hubby, "but he sprained his ankle, I believe."—Lippincott's.

DROWNED AT HOUTZDALE

Gommer Jones Meets Death in
a Pond Sunday

HE HAD GONE IN BATHING

Gommer Jones, Son-in-Law of Shadrack Stringer, of Houtzdale, Meets Death in a Pond Near Town, While Bathing With Companions, Sunday Afternoon.

A sad accident occurred at Houtzdale Sunday afternoon when Gommer Jones, a young man of that town, was drowned in a pond about two miles from town.

Mr. Jones was a popular young man and news of his untimely death caused great excitement and sorrow in the community. The young man was but 24 years of age, and is survived by his wife, who was formerly Miss Fuddie Stringer, a daughter of Shadrack Stringer, proprietor of the American House at Houtzdale, and a small child, about one year of age.

Yesterday afternoon a companion suggested that some of young men of town go to the pond near town and go in bathing. A small party accepted the invitation. When they reached the pond, Jones, who was active and was known to be a good swimmer, dove into the water.

He remained under the water so long that his companions became alarmed. A search was made for the body, and Jones was found at the bottom. At first it was reported that he had struck his head on a stone at the bottom of the pond, but this does not appear to have been the case. When found, the young man had his arms partially about a log at the bottom of the pond, and it is probable that he struck the log in diving and was rendered partially or totally unconscious.

Arrangements for the funeral of the young man have not yet been completed.

ELECTED SECRETARY

H. E. Bodine, Formerly of Clearfield, Goes to Corning, N. Y.

Harry E. Bodine formerly secretary of the chamber of commerce in Clearfield, has, according to newspaper reports, accepted the position of secretary of the new chamber of commerce recently established at Corning N. Y.

Mr. Bodine was active in interesting new industries in Clearfield's many advantages at a desirable location, and his work here was of permanent value to the town. He left this place on account of Mrs. Bodine's health, going the Winston-Salem, N. C., where he occupied a similar position to the one he held here.

The business men at Corning have decided to enter upon an active movement to interest manufacturers in their city, and Mr. Bodine will be able to give them good service, as the result of his training and accomplishments.

CORONER INVESTIGATES

Mysterious Death of Well Known Young Man Near DuBois.

Harvey Myers, a well known young man of Oklahoma, died suddenly Sunday afternoon at the home of his parents. The circumstances surrounding his death were considered mysterious at the time.

It seems that shortly before 12 o'clock on Saturday night Myers went into the Windsor hotel cafe and sat down on a chair. A few minutes later he dropped to the floor unconscious. Believing the young man to be under influence of liquor, Myers was taken to a back room, where he spent the night. The next morning, unsuccessful efforts were made to arouse him, and a physician was called.

The young man had bruises on his head, and for a time it was feared that there had been foul play, but as he had some money on his person, which had not been disturbed, this theory was dropped. It is thought that the young man must have sustained a severe fall. He rallied slightly at 12 o'clock Sunday but never regained consciousness.

HEIR SLAIN WITH WIFE

Archduke Pair Shot in Bosnia's
Capital

STUDENT FIRES FATAL SHOTS

Heir to Austrian Throne and Woman He Married For Love Meet Tragic Fate After Escaping a Bomb Hurlled at Them—Aged Emperor Hears News.

Sarajevo, Bosnia, June 28—Archduke Francis Ferdinand, heir to the Austria-Hungarian throne, and the Duchess of Hohenberg, his morganatic wife, were shot today by a student in the main street of the Bosnia capital, a short time after they had escaped death from a bomb hurled at the royal automobile.

They were slain while passing through the city on their annual visit to the annexed provinces of Bosnia and Herzegovina.

The archduke was struck full in the face and the duchess was shot through the abdomen and throat. They died a few minutes after reaching the palace to which they were hurried with all speed.

Wards Off Deadly Bomb.

Those responsible for the assassination took care that it should prove effective as there were two assailants, the first armed with a bomb and the second with a revolver.

The bomb was thrown at the royal automobile as it was proceeding to the town hall, where a reception was to be held. The archduke saw the deadly missile hurtling through the air and warded it off with his arm. It fell outside the car and exploded, slightly wounding two aid-de-camps in a second car and half a dozen spectators.

Uses Automatic Pistol.

It was on the return of the procession that the tragedy was added to the long list of those that have darkened the pages of the recent history of the Hapsburgs. As the royal automobile reached a prominent point in the route to the palace, an eighth grade student Gavrio Prinzip, sprang out of the crowd and poured a deadly fusillade of bullets from an automatic pistol at the archduke and princess.

Prinzip and a fellow conspirator, a composer from Trebinje, named Gabrinovic, barely escaped lynching by the infuriated spectators. They finally were seized by the police who afforded them protection. Both are natives of the annexed province of Herzegovina.

Aged Emperor Hears News.

Emperor Francis Joseph suffered a profound shock when informed of the assassination and retired immediately to his private apartment, after giving orders that everything should be in readiness for his return to the palace of Schoenbrunn on Monday. The Duke of Cumberland paid a visit of condolence this afternoon.

The three young children of the archduke and duchess, who remained here with the aged emperor when their parents went to Bosnia, were playing in the gardens of the palace when the shocking news arrived. Nobody had the heart to inform them of their lamentation.

The succession, if no change is made hereafter, now passes to Archduke Charles Francis, son of the late Archduke Otto, and a nephew of Francis Ferdinand, who married Princess Zita of Parma. They have one son and one daughter.

Base Ball at Driving Park.

A lively game of baseball was played at the Driving park Saturday afternoon, between Boardman and the brick works. The game resulted in a victory for the brick works team, the score being 1 to 0. The brick works battery was Pooler and Logan; the Boardman battery Wingert and Shaw. Boardman got 4 hits, the brick works team also getting 4 hits. The game was well attended.

Graham-Graham.

THE GIDEONS

\$109.17 Received From Clearfield Audiences at Meetings Sunday.

John W. Gailey, of Bedford, Pa., state president, and David Salmon, of Lock Haven, Pa., state chaplain, represented the Gideon hotel Bible work in Clearfield yesterday. They spent some time in the following churches making very short but appropriate talks in each: Trinity M. E. church, 1st Presbyterian church, English Lutheran church, Eleventh street M. E. church, United Brethren church and the Y. M. C. A.

They received contributions amounting to \$109.17 which will place the Bible in every hotel guest room in Clearfield and leave a surplus for the Pennsylvania Bible fund.

The hotels of Clearfield will need 250 Bibles, for as many guests rooms. The work is a great one. Many traveling men have to spend their Sundays in the hotels and would read the Bible if a copy were near at hand. The Gideons aim to have it there in every hotel in Pennsylvania.

John W. Gailey, and David Salmon extend on behalf of the Gideon association and for themselves personally the most sincere thanks to the pastors of the churches, the secretary of the Y. M. C. A., and the good people of Clearfield for their support in the carrying out of this great work, as Clearfield gave the Gideons an appreciated reception.

"SAFETY FIRST"

Sensible Rules Which Should be Observed by Drivers of Motors.

The Bell Telephone company of Pennsylvania which recently organized a "Safety First" movement and have adopted the slogan "Get the Habit" in connection with that movement have recently distributed a celluloid pocket calendar among all the drivers of company-owned vehicles.

The cautions contained on the back of this calendar are very sensible and could be followed with good results by drivers of motor vehicles generally. They are:

To All Drivers of Motor Cars.

Every cross street and every highway intersection is a danger spot.

Every trolley car or other highway conveyance that is stopped, coming to a stop, or just starting, is a source of danger.

Slow down when in doubt.

See to it that your brakes are always in good working order.

Be cautious about forcing your way through a crowd.

Your horn is a danger signal but its unnecessary use is unlawful.

Be particularly watchful of children especially near schools.

Consider the feeling and bear in mind the rights of others; favorable public opinion is desirable to you as a driver.

Life and limb are precious. Be keen to protect both from harm.

FOR WOMAN SUFFRAGE

Five Thousand Dollar Gift for State Campaign.

The first \$5000 contribution to the Pennsylvania State campaign at the Woman Suffrage Association, was reported at June meeting, State Committee held in Harrisburg. The donor is a Pennsylvania woman, who wishes her gift to remain anonymous. It was made through the state president, Mrs. Frank M. Roessing. That the enthusiasm in the state is not in the least lessened by the heat, but is increased, was evidenced by other large contributions of \$750, \$300, \$250 and \$500 received in June, coming from different county organizations. The College Equal Suffrage League, of which Miss Maude Bassett Gorman, of Swathmore College, is president, has made a donation of \$400. Many smaller sums were also reported.

BETTS ELECTED CO. CHAIRMAN

Democratic Convention Held
Here Saturday

RESOLUTIONS ARE PASSED

Clearfield Men Wins Chairmanship—Dr. Buckingham, of Houtzdale, Wins a Candidate — Local Resolutions Are Passed Without Protest—Most Districts Represented.

Eighty-nine delegates were present at the Democratic convention held in Clearfield Saturday afternoon for the purpose of electing a county chairman. After the roll call, and stating the purpose of the meeting by John E. Rafferty, of Grapeland, the county chairman, W. A. Hagerly called the meeting to order at 1:30 o'clock.

John B. McGrath, of Houtzdale, offered a resolution to amend the rules to elect a county chairman by general vote of the party instead of by the delegate system. The chair ruled the resolution out of order and was sustained by the vote of the convention.

W. B. Palmer, G. A. Shugarts, of Brady, R. C. Bundy, of DuBois, Frank Stone, of Boggs, and F. W. Reinhardt were appointed a committee on resolutions.

Abath Campbell, of Bell township, placed in nomination for county chairman, Dr. H. W. Buckingham, of Houtzdale, and the nomination was seconded by J. B. McGrath, of Houtzdale. J. D. McKnight, of DuBois, nominated W. I. Betts, of Clearfield.

B. R. Wagner, of Coalport, and A. M. Gorman, of LeJosa, were appointed tellers. The roll was then called and after the vote was taken, the report of the tellers was as follows: W. I. Betts 50 votes, H. W. Buckingham, 22 votes.

J. B. McGrath and Abath Campbell were appointed a committee by the county chairman, W. A. Hagerly, to notify W. I. Betts of his election and to present him to the convention. Mr. Betts after a neat speech accepted the nomination, after which the committee on resolutions made the following report:

To the members of the Democratic County Convention:

We the undersigned committee appointed by this convention to report proper resolutions, respectfully submit the following:

First. That we glory in a united and triumphant democracy which is now in charge of this government.

Second. That we heartily endorse our great President, Honorable Woodrow Wilson and his policies. That we see in him the defender of the law and the rights of the common people. That by his wise and courageous course the special interests and trusts are being controlled and the government so long dominated by them being restored to the people to whom it belongs.

Third. That we endorse the candidates of the Democratic party both state and national, nominated at the recent primaries, and urge all Democrats to work for their election at the coming election in November.

Fourth. That we condemn the public utilities bill passed by the Republican legislature as being concerted in the interests of the trusts and for their protection and against the interests of the people and we demand that the candidates on the Democratic ticket for both Senate and House if elected shall use all their powers to have the iniquitous measure repealed.

Fifth. That we condemn the active and pernicious activity displayed by Post Masters recently appointed to office as the same is a violation of the civil service law.

Signed

G. B. SHUGARTS,
R. C. BUNDY,
FRANK STONE,
F. W. ESTRACHER.

These resolutions, upon motion, were unanimously adopted.

W. E. Tobias, candidate for congress, and Archer Reed, candidate for assembly, addressed the convention, the other candidates not being present, after which the convention adjourned.

Will Move Next Week.

The Women's club wishes to announce that they will occupy the new room in the Monop building, next to the library. A full attendance is requested at the regular meeting on Tuesday evening.

PENROSE'S STRENGTH.

Senator Penrose's strength does not
lie in his record in the United States
senate. The senator has not made a
brilliant nor an energetic legislator.
Since the first of January last he has
been absent from the senate sessions
so long that he has to be introduced to
the door-keeper to gain admittance to
the floor. His vote and his voice,
when he did attend the sessions, have
been for special privilege, not for
the welfare or protection of the peo-
ple.

Senator Penrose's strength lies in
his friendship for the liquor interests.
The senator is a liquor man first, last
and all the time. He is more than
friendly to the rum sellers, and he has
succeeded in amalgamating the liquor
vote at elections in this state. The
liquor interests reciprocate Penrose's
friendship by corraling the voters of
the rum shops and slums of the big
cities and ordering them to vote for
Penrose or Penrose's candidates.
Therein lies Penrose's strength.

In the present campaign the rum in-
terests are arrayed against the people
and on the side of Penroseism and
Brumbaugh. Pinchot and Lewis, the
Washington party candidates, favor a
local option law for Pennsylvania;
Penrose opposes such a law, and
Brumbaugh agrees with what Pen-
rose says and advocates. If the anti-
rum people were to combine they
could very easily strike a serious
blow to the rum interests and at the
same time elect two honest, fair-mind-
ed and conscientious men to the two

highest offices within the gift of the
people of the state.

COLLEGE MEN.

That too large a proportion of col-
lege graduates fail as business men is
not denied, but it is not because a
man has graduated from college that
he fails. A college education in it-
self is not sufficient to equip a young
man for his battle with the world.
There must be something back of the
education to bring success to any
man, and if a young man lacks energy
progressiveness and stamina he may
stand at the head of his class when he
graduates from college and be a com-
plete failure.

The fact that many college-bred
young men fail in the things they un-
dertake should not be used as a crit-
erion of the whole student body or as
proof that a college education is of no
value to a young man. A college can-
not make a success of the young man
who is without natural ability, who is
devoid of mental ability and who lacks
stability and perseverance. The col-
lege can give a young man an educa-
tion, but it cannot give him brains.

Clearfield voters should require
candidates for the state senate and
house of representatives to pledge
themselves to vote in favor of the re-
peal of the public service company
law or its amendment by striking out
those features which take home rule
from the people of the state.

Don't blame the dog, he may have
some sense, even if those who make
so much fuss over him do not show
that they have.

By uniting and being determined
the citizens of Clearfield can make the
Fourth of July celebration a grand
success.

A man may be as old as he feels,
but a woman is as old as her neigh-
bors say she is.

THE AMERICA FLIES WITH SEVEN ABOARD

Record Weight of 1,498
Pounds Is Easily Lifted.

Hammondsport, N. Y., June 29.—With
its new hydroplaning device the Amer-
ica left the water and flew with seven
passengers, including the two pilots, and
220 pounds of ballast.

"We lifted twice as much weight as
any aircraft ever did before. I guess
that's pretty good," said Lieutenant
Porte when he stepped ashore.

Glenn H. Curtiss, the builder, was
highly pleased with the America's per-
formance.

"It can fly easily with the load it
must take when it leaves Newfound-
land," he said. "The America made a
splendid showing with its new hydro-
planing boards. It does not yet 'plane'
or skim along the surface as perfectly
as we want it to do, but that easily
can be remedied. The America lifted
within a few hundred pounds of the
load it will have to carry, although the
trial was made only with reference to
its planing powers. We may be able
to prove its capacity to climb out of
the water with its load of oil."

The America broke the record for
flying boats when it took the air with
seven passengers. The total weight of
the load, outside of the machine itself,
was 1,498 pounds, or very close to that
figure. The weight of the aircraft it-
self is about 2,850 pounds, so that the
two engines of 100 horsepower each
drove a total weight of 4,248 pounds.

Mr. Curtiss said that since the flight
by way of the Azores had been de-
cided upon the America would not
need to carry the amount of gasoline
originally estimated. The aircraft has
tanks for 300 gallons. It would have
needed all that for the straight flight
of 1,923 miles from Newfoundland to
Ireland. The distance from Newfound-
land to the Azores, the longest of the
three laps by the new route, is 1,108
miles. (Something more than 200 gal-
lons of gasoline will be required, but
the exact amount will be determined
later through the rate of gasoline con-
sumed by the America in its flights
around Lake Kewau.

TELEGRAPHIC TICKS.

An unidentified Italian was shot dead at
Smithfield, Pa., after he had killed one of
his countrymen, perhaps fatally wounded
Martin Hope and less seriously injured
several other persons.

E. Hartston Simons, a wealthy New
York bachelor, fifty-five years old, dis-
appeared from his cabin on the White
Star liner Baltic and was never seen
again. That was the report made by the
officers of the ship when she arrived
from Liverpool.

In presenting the case for the Storstad
before the committee of inquiry into the
wreck of the Empress of Ireland C. S.
Faight of New York advanced the theory
that the disaster was due to defects in the
steering qualities of the Empress of Ire-
land—in short, that her steering gear
broke down.

The remnants of Kelly's "army of the
unemployed," headed by Colonel C. D.
McLennon, arrived in Alexandria, Va.,
preparatory to a descent upon Washing-
ton. The band consists of forty-five men
who came to Alexandria from Charlotte-
ville by rail, or, as McLennon said, they
rode on "side door Pullmans."

THE DEMOCRATIC SQUABBLE

Two Democratic Parties Perdicted if
Activity Continues.

The following article formed the
basis for an editorial in last Thurs-
day's Philadelphia Telegraph:

If our Democratic friends continue
as active as now threatened there will
be at least two Democratic parties in
Pennsylvania this year. The Palmer-
McCormick State organization is not
satisfied with the way the Old Guard
City Committee carries on.

The City Committee shut its eyes,
crossed its fingers and endorsed the
nomination of Palmer and McCormick,
but it refused to consider an endorse-
ment of the platform. This was so
much like fudging the candidates
to get their principles out of them be-
fore being swallowed, that it has stir-
red up the resentment of the state or-
ganization.

All sorts of threats are out to break
up the City Committee and create a
new one that will be willing to take
orders. The state committee can do
that probably under its rules, but it
would release the Old Guard from the
small obligation it now feels to sup-
port the candidates without the plat-
form in which event a second Democra-
tic state ticket might be hopefully
looked for.

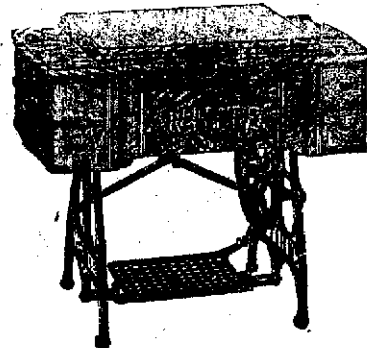

There ought to be two tickets, any-
way, for as matters stand there are a
good many Democrats who cannot
vote for anything now in sight and
satisfy their Democracy.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to flush Kidneys and neu-
tralize irritating acids.

Kidney and Bladder weakness re-
sult from uric acid, says a noted au-
thority. The kidneys filter this acid
from the blood and pass it on to the
bladder, where it often remains to ir-
ritate and inflame, causing a burning
scalding sensation and is very pro-
fritation at the neck of the bladder,
obliging you to seek relief two or
three times during the night. The
sufferer is in constant dread, the
water passes sometimes with a
scalding sensation and is very profuse
fuse again, there is difficulty in
voiding it.

Bladder weakness, most folks call
it, because they can't control urina-
tion. While it is extremely annoying
and sometimes very painful, this is
really one of the most simple ailments
to overcome. Get about four ounces
of Jad Salts from your pharmacist
and take a tablespoonful in a glass o
water before breakfast, continue this
for two or three days. This will neu-
tralize the acids in the urine so it no
longer is a source of irritation. To
the bladder and urinary organs whic
then act normally again.

Jad Salts is inexpensive, harmless,
and is made from the acid of grapes
and lemon juice, combined with lith-
ia, and is used by thousands of folks
who are subject to urinary disorders
caused by uric acid irritation. Jad
Salts is splendid for kidneys and
causes no bad effects whatever.

Here you have a pleasant, efferves-
cent lithia-water drink, which quick-
ly relieves bladder trouble.

ATTACKED BY BEES

Bellefonte Man Has Peculiar Experience While Planning Capture.

Bellefonte, June 28.—Milton Robb, a Spanish war veteran and for years employed by the American Lume and Stone Company, has no further use for honey-producing bees. Robb says that as master of his own destiny he will never again attempt to corral a swarm of bees.

He had such a bitter experience on Saturday in an adventure with the little busy-bodies that a physician is attending him.

As Milton was plodding along the country road toward home he met his brother Abe. "Say Milt," said Abe, "there is a big swarm of bees nested on the limb of a tree on the mountain

side. What do you say about getting them?"

The brothers made plans for the capture. They got a saw, washtub, a blanket and several towels. Milton was to climb the tree, saw off the limb and lower it slowly to Abe, who, in turn, was to put the swarm of bees in the tub and cover it with the blanket.

Milton, out on the long limb, and thirty-five feet from the ground, began the easy work. A few strokes of the saw was enough. Milton, not realizing the weight of the bees, sawed too deep before supporting the limb and fastening the rope. The limb buckled with the swarm of bees. It swung against his legs and immediately the queen bee had removed to a comfortable place under Milton's arm. The other bees followed. In a moment Milton's body was covered. The bees swarmed over him furiously.

And there he hung, with one arm over the limb, not daring to move, while Abe ran for aid.

Abe had to run two mile down the mountain. He got Jacob Cole and Oscar Hendricks, and, armed with a

long ladder, started back to the tree. It might be added that Sherwood Robb, another brother, was a member of the expedition, but only in an advisory capacity. Milton said last night that Sherwood is long on advice but short on sympathy.

When the relief expedition arrived the ladder was raised and Abe tied a rope around Milton. The rescuers carefully lowered the bee-covered victim. Milton's eyes were virtually closed. The bees, on some of them, were captured with the blanket and others beaten off with towels. Elmer Breen tore off Milton's shirt and trousers.

A physician found Milton was in a serious condition.

The bees were captured and are hived in the back yard of George Robb, father of the young hunters.

CARRANZA SENDS REPLY TO ENVOYS

Text of Rebel Chief's Answer
Is Not Made Public.

BRECEDA ASSAILS ANGELES.

Carranza's Secretary Says He Inspired
Villa's Outbreak—American Consul
Carothers Also Involved—Full Text
of Answer May Be Made Public by
the Envoys.

Washington, June 29.—The answer of
General Carranza, first chief of the
Constitutionalists, to the invitation of
the A. B. C. envoys to hold informal
conferences with the representatives of
General Huerta was received by his
representatives here and forwarded to
Mexico.

Nothing is given out to indicate
whether Carranza accepts the invita-
tion or rejects it.

Intimations were given by members
of the Constitutional junta during
the day, however, that there was a
probability that conferences would be
held probably this week. They are
awaiting the arrival of Fernando Igle-
sias Calderon, leader of the Liberal
party.

Fresh evidence of the sharp differ-
ences between Carranza and Villa,
which may have serious effect on the
proposed conferences and perhaps in-
fluence the attitude of the United
States government toward the two re-
bel leaders was given when Captain Al-
fredo Breceda, Carranza's private sec-
retary, who arrived here yesterday di-
rect from Saltillo, issued a sensational
statement dealing with the split be-
tween his chief and the leading rebel
commander.

General Felipe Angeles, former sub-
secretary of war in the cabinet of Car-
ranza and chief of artillery in Villa's
army, is pictured in this statement as
an archrival who tried to alienate
Villa from Carranza, his purpose being
to use Villa as a tool to further the
ambition of Angeles to become pro-
visional president of Mexico.

Carothers Villa's Ally.
Equally sensational is the allegation
that George C. Carothers, a special
consular agent, who has been traveling
with Villa's army most of the time
but has been part of the time at the
headquarters of Carranza, has been an
ally of Angeles and Villa, encouraging
the latter's insubordination.

The Breceda statement does not men-
tion Carothers by name, but refers to
him as "an American who has posed
during several months as the confiden-
tial agent of the state department for
the revolution." When Captain Bre-
ceda was asked about the identity of
this "American" he told the newspa-
per men that he referred to Carothers.

An attack is also made by Breceda
on Felix Sommerfeld, Villa's chief
agent in this country. The statement
alleges that Sommerfeld and Carothers
were the principal outside agents en-
gaged in the intrigue to foster Villa's
attitude of insubordination toward Car-
ranza and to impress the people and
the government of the United States
with the idea that Villa is the chief
factor in the revolution.

Coming as it did from Carranza's
private secretary, this statement of the
sharp differences between his chief and
Villa compelled attention here. Offi-
cials were wondering what the purpose
of the statement was at this time.

WOMEN'S NIGHT

Was a Successful Occasion at Osceola
Tabernacle.

Women's night was one of the most
wonderful demonstrations ever wit-
nessed in Osceola Mills. There were
ladies present from Clearfield, Cur-
wensville, Philipsburg, Houtzdale, Ram-
sey, Sandy Ridge and many other
places. When the special train ar-
rived that night they were met by
the Osceola band and the ladies of
Osceola and vicinity. They, led by
Rev. Johnson and the band, marched
and countermarched, the end of the
march being the tabernacle. In a few
minutes the large building was filled
to overflowing. During the opening
musical program the W. C. T. U.
sang their battle song, which was
very much enjoyed by all. Before the
end of the song service, Mr. Johnson
had made arrangements for the meet-
ing to be photographed, and Mr.
Philips took a flashlight picture.

Mr. Johnson, in his prayer, asked
God to help him direct the thoughts of
the ladies present in his fight for pur-
er homes and better communities. He
based his talk on 1 Tim. 5, 22: "Keep
thyself pure." In his talk he made a
magnificent plea for better lives, for
purer lives, for God-surrendered lives.
Osceola Mills and surrounding towns

should be better places after such a
helpful talk.

At the close of his remarks Rev.
Johnson gave an invitation for the
ladies to come down the aisle and give
him their hands and promise to live
Christian lives. There were twelve
that did so.

Mrs. Cleese, of Philipsburg, presi-
dent of the Center county W. C. T. U.,
and Mrs. S. C. Wilson, of Cur-
wensville, president of the Clearfield
county union, were among the visitors
Friday night. There were about 500
women in line, many of them dressed
in white and a large number carrying
bibles. It was certainly an impos-
ing sight.

It was rather amusing while the
service was in progress to see the
large number of men pushing baby
carriages and go carts up and down
the streets.

Vicious.

"How pale and worried your mother
looks! Is she sick?"

"No, ma'am, but pa's got the grip."

"And is she afraid that he won't get
well?"

"Oh, no; but whenever pa's sick he
worries her so that she always looks as
though she had what was ailing him."

JOHNSON DEFEATS MORAN.

Decision Awarded to Negro on Points
After Twenty Rounds.

Paris, June 29.—Jack Johnson, by de-
feating Frank Moran on points in their
twenty round bout in Paris, retains his
title as champion heavyweight fighter
of the world and wins a purse of \$30,
000. The loser receives \$5,000. Each
receives a share of the profits of the
moving pictures of the battle.

Johnson earned Referee Carpentier's
decision rather easily. He bore no sign
of punishment at the end, while
Moran's face was badly bruised and
cut.

The champion fought cautiously
throughout. He was the master at all
stages, having Moran in straits at
times. In the final rounds Moran held
on frequently, and in the last the spec-
tators jeered him for this.

The referee warned both men for
clutching. Johnson's offenses being
committed early in the contest.

The crowd entirely filled the im-
mense Velodrome d'Alver, in which
the fight was held, and there were
more than 30,000 persons present, in-
cluding several hundred women.
